

Quality in Careers Standard

Statement of Commitment

Honywood School is pleased to announce our intent to work towards accreditation of the prestigious Quality in Careers Standard for our Careers Education, Information, Advice and Guidance programme.

The Quality in Careers Standard is a nationally recognised award and one of the highest accolades a school can receive for excellence in careers education, information, advice and guidance. It fully complies with the Department for Education's statutory guidance.

Honywood School is demonstrating its commitment and intent to provide impartial, independent career support for all our learners by working towards accreditation of the award in 2024.

Honywood School offers a wide range of career education activities such as industry engagement, work experience, Careers Fairs, Industry Insights, dedicated careers portal, careers curriculum delivered through PSHE sessions and careers presentations which take place during assemblies throughout the year. In addition, learners have year-round access to a fully qualified (L6) careers advisor, access to an online platform provided by MORRISBY and access to a wide range of industry professionals across the year.

Our focus is linked to ensuring all our learners develop the ability to go on to live happy and fulfilled lives.
